```
graph BT; A["/home/vasco/Vasco/facul  
/LCOM/shared/grupo_2leic06  
_4/proj/src/drivers/video.h"] <-- B["/home/vasco/Vasco/facul  
/LCOM/shared/grupo_2leic06  
_4/proj/src/states/game.h"]; A <-- C["/home/vasco/Vasco/facul  
/LCOM/shared/grupo_2leic06  
_4/proj/src/states/menu.h"];
```

The diagram illustrates a dependency structure where two source files, 'game.h' and 'menu.h', both include the 'video.h' header file. The 'video.h' file is located in the directory '/home/vasco/Vasco/facul/LCOM/shared/grupo_2leic06_4/proj/src/drivers/'. The 'game.h' and 'menu.h' files are located in the directory '/home/vasco/Vasco/facul/LCOM/shared/grupo_2leic06_4/proj/src/states/'. Blue arrows point from the 'game.h' and 'menu.h' boxes to the 'video.h' box, indicating the inclusion relationship.
